Do you need the rental for more or less than two weeks of rehearsal and two weekends of performances? If yes, please explain

Are you within 600 miles of Minneapolis and interested in delivery?

Once Rental Request form has been submitted, you will receive an email detailing the puppet availability, general pricing layout, and complete inventory list. If the puppet is available, a copy of the rental contract will be included that can be returned with the \$500 dollar deposit to secure a rental. Full payment is due before delivery. If payment has not been received, the puppet cannot be shipped.

We offer a delivery and set-up service with the plant if it is within around 600 miles of Minneapolis. We generally charge per mile, but include a free set up and workshop with your puppeteers. If outside of 600 mile delivery area, delivery is to be organized and paid for by renters. A liftgate is required to load the crates. Special arrangements can be made if renters would like a delivery or set up outside of 600 miles. Please email with questions.
